Hi Sam

The various parts of the report, the redline text and the completed comments matrix are located here: [8801 Final CMP redline text](#)

The parts include the CMP tables, figures and appendices. The appendices include the sampling and analysis plan, the health and safety plan and the inadvertent discovery archeology plan. The tables, figures and appendices are unchanged since last sent to Ecology for review in August 2021.

Thanks, Meg

Hi Erin and Sam:

Please find attached a redline copy of the 8801 site final CMP text and the completed comments matrix. I am sending this along as an informal submittal. Please let me know if it is OK to finalize the document.

Most of the redlines in the attached address your comments, a few of the redline edits are grammar or consistency corrections that showed up on a re-read, because they always show up after the document has been sent out.

See you later this morning.

With regards, Meg

Meg Strong, LG, LHG
